Website Cookies Policy

www.integrity.pt

0. Scope

This document is intended for all users of the websites managed by INTEGRITY, S.A. (PT509072054, headquartered at Avenida D. João II, nº 43, 9º Piso, Parque das Nações, 1990-084 Lisboa, Portugal), whose trading name is Devoteam Cyber Trust (the cybersecurity unit of the Devoteam Group).

1. Cookies policy

Through the present Cookies Policy (hereinafter "Policy"), you are informed that this website uses Cookies and/or similar technologies that store and retrieve information while you are browsing (hereinafter "Cookies").

2. Cookies and purpose of cookies

Cookies are procedures for collecting information about your visit to our website and are stored in your browser page, so that the website can consult your previous activity.

The purpose of using cookies is to customise your access to the website, through the analysis of your browsing habits, in order to optimise the navigation and operation of the web and improve our services and display content according to your preferences.

3. Types of cookies

Cookies are segmented in accordance with their purpose and expiration date.

Legally, we are allowed to store Cookies on your device if they are strictly necessary for the functioning of the website. For us to use the other types of Cookies, your consent is required.

This website uses:

- **Strictly necessary cookies** to ensure the security and correct functioning of the website and to make the user experience more efficient. These cookies do not require user consent;
- **Analytics Cookies** to collect anonymous statistical data about website usage, enabling us to improve our services and content.
- **Third-party cookies**, set by external services embedded on the website (such as form protection, embedded videos, or other widgets), which may set their own cookies and process data according to their respective privacy policies. These cookies require the user's prior consent before being loaded.

The following table details the specific cookies used on this website:

Cookie Name	Provider	Category	Purpose	Expiry
Devoteam Cyber Trust Consent Cookie	integrity.pt (first party)	Strictly necessary	Stores the user's cookie consent preference	180 days
Devoteam Cyber Trust Popup Cookie	integrity.pt (first party)	Strictly necessary	Remembers the dismissal of informational popups	10 days
_ga	Google Analytics (third party)	Analytics	Distinguishes unique users by assigning a randomly generated identifier	Up to 2 years

_ga_D3FRGXCYSN	Google Analytics (third party)	Analytics	Used to maintain session state	Up to 2 years
_GRECAPTCHA, NID, SID, SSID, HSID, APISID, SAPISID and __Secure- variants	Google LLC (third party)	Third-party	Set via embedded Google reCAPTCHA; Used for bot detection, and, where the visitor has an active Google account session, also for Google account authentication and advertising purposes	Varies, up to 2 years

This website also uses the following third-party services that may set their own cookies or process data:

- **Google reCAPTCHA** (provided by Google LLC): Used on pages containing forms to protect the website against spam, fraud and abuse. reCAPTCHA sets the _GRECAPTCHA cookie for this purpose. As of April 2, 2026, Google processes reCAPTCHA data as a data processor, under the Google Cloud Terms of Service and Data Processing Addendum, rather than under Google's general Privacy Policy; we remain the data controller for this processing. Because the reCAPTCHA widget loads content directly from Google's domain, if the visitor already has an active Google Account session in their browser, Google may also access or refresh its own account-related cookies (such as SID, HSID, APISID, NID and similar) in that context, in accordance with Google's own Privacy Policy and Cookie Policy, which govern the visitor's separate Google Account and are outside our control. This service is classified as a third-party cookie and is only loaded after the user has given explicit consent.

- **YouTube** (provided by Google LLC): Used to embed video content on certain pages. YouTube may set cookies such as VISITOR_INFO1_LIVE and YSC when a video is displayed.
- **Vimeo** (provided by Vimeo.com, Inc.): Used to embed video content on certain pages. Vimeo may set cookies such as vuid when a video is displayed.
- **Google Forms** (provided by Google LLC): Used on specific event and landing pages to collect registration information. Google Forms may set cookies when the form is loaded.

The above third-party services from Google LLC and Vimeo.com, Inc. may transfer data to servers located in the United States of America, under the EU-U.S. Data Privacy Framework. For more information, please consult Google's Privacy Policy.

4. Types of data collected

The Cookies we use collect, among other data, your activity log and navigation on our website, as well as, the operating system, resolution, software, search engine or mobile device used by you to access the website.

5. Use of collected data

We use the collected data for the following main purposes:

- Fulfilling contractual and legal obligations;
- Provision of information and content of interest to users;
- Improving the functioning of the website, including the management and prioritisation of content.

6. Data retention

The data collected shall be processed for the period strictly necessary to achieve the specific purpose of each one.

7. Consent to the use of cookies

By accepting Cookies, you are consenting to the processing of your personal data and to the terms and conditions of the Policy.
Consent to third-party cookies, including reCAPTCHA, is requested specifically and separately from the rest of the browsing experience, and these cookies are only placed after that consent has been given.
In cases where Cookies allow the identification of the user, we are the data controller only for the purpose of managing the specific function of each Cookie.
You can exercise your rights to the contact details of our personal data controller, available in the Privacy Policy published on this website.

8. DISABLING COOKIES

Cookies can be disabled or managed at any time. You can do this by changing your browser settings. The procedures for disabling or managing Cookies may differ from one internet browser to another.
If you deactivate Cookies by changing your browser settings, some areas of the website may no longer function correctly.
You can find more specific information on how to manage your preferences regarding cookies by popular browsers at:

- Google Chrome
- Microsoft Edge
- Mozilla Firefox
- Opera
- Apple Safari

9. OTHER INFORMATION

For additional information, you may consult our Privacy Policy, available on the website.
